

NO ORDINARY SHIFT

pause, breathe, & remember who you are

12-13 MAY 2026

SPONSORSHIP OPPORTUNITIES

NO ORDINARY SHIFT

pause, breathe, & remember who you are

Being with people who 'get you', who understand the pressure and the passion, is powerful medicine.

Since 2022 this event has been a hub for people in emergency care.

Each year builds on the success of the previous one, with around 100 nurses, AHPs, doctors, and paramedics coming together to share wins, challenges and some of the great work happening across emergency care.

The event boasts an eclectic mix of speakers and session types from practical 'how to', to high level strategy, people talking about what worked for them and cutting edge evidence for improving patient care. Topics were drawn from a comprehensive set of call for paper submissions as well as some identified keynote speakers.

Attendees consistently said they most valued connection, space and the chance to re-energise with others who 'got' what they'd experienced. They loved the mix of clinical, leadership and wellbeing talks, regular opportunities to mix and network and the fast pace of papers, and of course the conference dinner and celebrations.

The conference is hosted by Professor Lynda Holt and Professor Brian Dolan OBE, both former ED nurses, and Directors of The Braver Group

In creating sponsorship opportunities for the conference, we'll create an environment where you can share what you do, how you support emergency care and build your connections. We use sponsorship to keep the cost down for delegates who are self-funding.

There are multiple ways you can support this event, one of the most popular is to have a space to showcase your work in the exhibition area. The exhibition is held in the same space as delegate tea and coffee is served ensuring a good foot fall. There are also opportunities to include info in delegate bags and limited space to be part of the programme.
